### Who can fly...

Exact location and times may change. Pilots planning to fly in this region should check published NOTAMs frequently... **before every flight!**

**Previous TFRs in this region have resulted in numerous airspace violations.**

**We need your help in getting the word out:**

**Please pass this information along to as many pilots and aviation professionals as possible.**

The procedures contained in this alert describe a typical Security TFR. Check the **published NOTAMs** for any changes or unique procedures. Several types of operations will be prohibited during this event.

**Inner Core:** Usually a 10NM ring or rings. There may be multiple rings at different locations. General aviation is not permitted to operate within the Inner Core.

**Outer Ring:** From inner core to 30NM. Depending on location of inner rings there may be multiple outer rings. IFR and VFR flights are permitted as long as they are on a flight plan, squawking a discrete beacon code and talking to ATC. You may land or depart airports within the outer ring and fly through the outer ring as long as you follow the appropriate procedures. You shouldn't loiter within the TFR for any reason.

UAS OPERATORS WHO DO NOT COMPLY WITH APPLICABLE AIRSPACE RESTRICTIONS ARE WARNED THAT PURSUANT TO 18 U.S.C. SECTION 3056A, 10 U.S.C. SECTION 130I, AND 6 U.S.C. SECTION 121 (AS AMENDED), THE DEPARTMENT OF HOMELAND SECURITY (DHS), UNITED STATES SECRET SERVICE (USSS), AND THE DEPARTMENT OF DEFENSE (DOD) MAY TAKE SECURITY ACTION THAT RESULTS IN THE INTERFERENCE, DISRUPTION, SEIZURE, DAMAGING, OR DESTRUCTION OF UNMANNED AIRCRAFT DEEMED TO POSE A CREDIBLE SAFETY OR SECURITY THREAT TO PROTECTED PERSONNEL, FACILITIES, OR ASSETS.

**The FAA, the Department of Defense and other federal agencies will be closely monitoring and patrolling this airspace looking for violators.**

Airport operators, managers and flight schools, please post this notice as widely as possible. If you know of an event planned for this weekend please check the published NOTAM to see if there is a conflict.

**A FRIENDLY REMINDER COULD PREVENT AN AIRSPACE VIOLATION!**
