P- 813-287-4900
F- 813-287-4940

FEB 11 2020

To: All Inspection Authorization (IA) Holders

Many of you had depended on the Orlando Flight Standards District Office (FSDO) annual IA refresher and renewal 8 hour seminars hosted at the Lakeland Linder Airport FAA building. Unfortunately, because of manpower and budgetary restraints, the Orlando FSDO will no longer hold these IA renewal seminars at the Lakeland Linder Airport FAA building as it has done in years past.

There are industry sponsored IA seminars at various locations throughout North Florida. The details of these seminars can be found on the FAA's safety website, www.faa.gov.

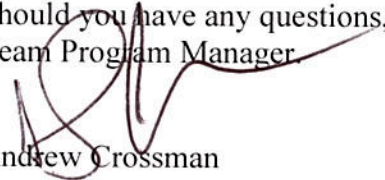

If you are not able to attend an IA seminar and chose online training as the basis for renewing your IA, we invite you to make use of the approved courses available at www.faa.gov. A list of those providers and courses can be found at www.faa.gov under the "Maintenance Hangar" tab then locate "IA Renewal Course List". Please note that many of the courses listed may have a cost associated with them and you will be responsible for any fees incurred in taking those courses.

We encourage you to review the renewal eligibility requirements under the following regulations:

14 CFR 65.93(a)(1)(2)(3)(4)(5)
14 CFR 65.91(b)(c)(1)(2)(3)(4)

This time next year, you will receive additional information and a schedule as to when and where Tampa Flight Standards District Office Inspectors will conduct on-site IA renewals during the month of March of 2021.

Should you have any questions, please feel free to contact your local FSDO FAA Safety Team Program Manager.

Andrew Crossman
FAAS Team Program Manager
Aviation Safety Inspector
Tampa Flight Standards District Office
