

Title: **The 2022 Concorde Battery IA Symposium**

Topic: **Three four-hour courses that will help you build your time for renewal of Your Inspection Authorization.**

Date and Time: **Thursday, January 13, 2022, starting at 08:00 Eastern Standard Time (05:00 PST, 06:00 MST, 07:00 CST, 03:00 HST, 04:00 AKST, 06:00 Arizona, 13:00 GMT)**

Speaker(s): **FAA: James Dangerfield, Tim Haley, Dennis Degolia, Concorde: Chris Holder**

Brief Description: Each seminar will be held over two days, 4 hours each day, to fulfill the 8-hour annual refresher training requirement. Two separate sessions will be held each day – 8AM to 12PM EST and 5PM to 9PM EST. The speakers and content will be the same during each time block, which will allow you to select the time block that best suits your schedule.

Another change this year is the development of a Concorde User Portal for registration. In order to register for the events, you will generate a portal login. Once you have registered for the portal you can register for one, two or all three events. The portal provides real time visibility to your course registration status. In January, your portal will be updated to include your unique access code / URL to the seminar(s) you have registered for. After the seminar is over, and participation has been validated, certificates will be loaded to the portal for easy access. If you use the same email address to register for the portal as you have for past events, certificates from previous sessions will also be loaded to the portal for your availability. Even if you make all 3 days you will only get 8 hours on your IA training Certificate for this event.

Select Number: **SO13109376**

#### Webinar Information

January 13-14, 20-21, 27-28, 2022, 8:00 am-12:00 pm -5:00 pm-9:00 pm EST

1. You must register for the seminar(s) at [www.concordebattery.com](http://www.concordebattery.com) and can access registration by clicking on the “training” tab at the top center of the homepage and selecting IA seminars or by clicking on the IA Renewal Series graphic on the homepage. Remember, this year registration does require you sign up for Concorde’s User Portal. Register using the email address where you received this email. The email address should be the email registered with the FAA (if applicable).
2. You will need to select which seminar(s) you’d like to attend. You will be asked to select the “time block” that best suits your schedule. **IMPORTANT** – you can only select **one** time block (8 AM EST – 12 PM EST **OR** 5PM EST – 9 PM EST). You will not be able to attend two hours in the morning and two hours in the evening. The reason for this is that we cannot adequately track your attendance between sessions, so you must pick the time block.
3. Once you’ve registered, you will receive a confirmation email from Concorde Battery that gives you an overview of your selections – which seminar and what time block you will be attending. You may also reference these details on the portal at any time.
4. You will receive reminders and webinar access information via email. Your unique access code / URL will also be posted to your user account in the portal. If you have questions please email Chris Holder directly at [cholder@concordebattery.com](mailto:cholder@concordebattery.com) . He will be happy to assist you in any way he can.

Seating:

**Check Additional event Information below for possible registration requirements.**
