

## TETERBORO (TEB) TRAFFIC AWARENESS

Aircraft arriving on runway 19 into TEB airport should be on high alert for VFR traffic crossing through the final approach path and the resultant increased potential for a Traffic Alert and Collision Avoidance System Resolution Advisory (TCAS RA).

Aircraft transiting west/east from the general areas of Morristown (MMU), Essex County (CDW), or Lincoln Park (N07) should be aware of aircraft on arrival to runway 19 at TEB when weather conditions favor this operation. Extra vigilance is requested for these transiting aircraft at altitudes between 1000ft MSL and 2500ft MSL between TUGGZ and UNVIL as shown in the image below.
